SQUAW VALLEY OLYMPIC MUSEUM

WESTERN WINTER SPORTS HERITAGE

The Squaw Valley Ski Museum Foundation is reaching out to the community in search of artifacts related to the 1960 Winter Games, as well as the general history of the Western United States. It's a race against time to locate and preserve our winter sports heritage before it's gone, and we need your help. Just about any historical item related to the Games and the culture of winter sports in our region may be of interest. Artifacts ranging from Olympic objects, photographs and films, vintage equipment to family scrapbooks will have value for future Museum exhibits and the research/archive collection.

With this form please tell us what you may have for the future Museum. Feel free to tell us about your personal experiences related to the SV Games and the history of skiing in the region. In addition, if you have knowledge and tips of artifacts others may have, please provide us that information as well below.

Your Information (please print)

Name	
Address	
City	
State, zip	
Telephone	
E-Mail	

Thank you. Return to the Squaw Valley Ski Museum Foundation, P. O. Box 2697, Olympic Valley, CA 96146
